

# Research Notes

Instructions: For this research assignment, students will research the history of printing in journalism. As students look at websites, they will be focusing on advances in color printing and how it has influenced journalism. Because the final product is a timeline creation, it is important that students record accurate dates and corresponding events.

Important Dates:

What technology helped color printing? How has technology helped color and printing in journalism? What advances helped journalists with color in publications? Why is color so important in printing?
